About Voronezh

The city of Voronezh was founded in 1586 as a fortress to defend the Southern boundaries of Moscow State. Tsar Peter the First chose that city for building the first Russian Navy.

Voronezh is situated in the European Part of Russia, 500 km to the south of the capital, the city of Moscow, in the temperate continental climate zone. It is a large industrial and cultural center with the population of more than 1 million people. Dozens of factories and plants of heavy and light industry are functioning in the city. There are a great number of museums, theatres, libraries, and exhibit halls.

Voronezh is a city of science, the students’ city. International standard of higher education is provided by more than 30 state and commercial higher educational institutions. It is an acknowledged educational center of international students training. For the last 35 years in Voronezh higher educational institutions nearly 14 thousand foreign students from 89 countries of the World got education: they are from India, Great Britain, Germany, Syria, China, Algeria, Morocco, Vietnam etc.

About Voronezh State Medical Academy

It is one of the oldest educational institutions of Russia. Its history goes back to 1802 — the date of Derpt University foundation, which in 1918 moved to Voronezh. In 1930 its Medical Faculty became an independent institute, acquiring an Academy status in 1994.

The Academy has a well-established reputation for providing high quality medical teaching, learning and research. The quality of its performance is reflected in the rating system, where the Academy was placed in the top ten higher medical schools of Russia. Since the foundation year it has prepared above 40 thousand medical specialists, including foreign specialists from 28 countries of Europe, Asia and Africa.

Undergraduate course: Preparatory Russian language course

Graduate courses: General Medicine, Pediatrics, Dentistry, Pharmacy

Postgraduate courses: Internship, Residency, Ph.D. Course

---

Student's services

The International Institute of Medical Education and Cooperation of the Academy provides a range of services for international students, such as:

- Full course information and academic advise:
- Pre-departure information, including invitation procedure, Visa support, travel schemes
- Assistance with accommodation

International students are guaranteed a place in one of the Academy’s student hostels. The hostel for international students is located in the very center of the city 150 m from the Academy’s main building. If students prefer it is possible to live in private accommodation available in the city. Well-trained and friendly staff of the International Institute of Medical Education and Cooperation offer advice and counseling on all aspects of student’s life. Students’ life in the Academy is active and diverse. Great attention is given to organization of students’ free time in order to assist in acclimatizing to Russian social life. Students have an opportunity to celebrate national and religious holidays. They actively participate in National Cuisine Days celebrations, amateur festivals, such as “Students’ Spring”, and concerts.
